COMPOUNDS

COMPETENCE IN COMPOUNDS

CONDOR COMPOUNDS – ONE OF THE LEADING MANUFACTURERS OF PLASTIC AND RUBBER COMPOUNDS IN EUROPE

Condor Compounds is a privately owned company started up in 1982 and is strategically located in Central Europe in Braunschweig, Germany. It is a diversified material science company using complementary technologies to serve the Wire&Cable, plastic and rubber industry and other industries needing modified plastic and elastomeric compounds. Our annual production

capacity is about 50.000 tons depending from product portfolio. Furthermore we develop tailor-made solutions in accordance with international standards. Our Quality management system is certified in accordance to DIN EN ISO 9001:2008. Beside our own product portfolio we are offering toll manufacturing according to the customers' recipe.

CONDOR COMPOUNDS – LEADING SUPPLIER OF LOW SMOKE AND FUME ZERO HALOGEN COMPOUNDS

We are specialized in the development and manufacturing of thermoplastic, elastomeric and cross linkable flame retardant compounds. Today's Condor Compounds is running two internal mixers Bambury-type, one twin-screw

extruder and five Co-Kneaders different size for demanding compounding jobs. We are investing regularly in the newest compounding and laboratory technology, either by new investments or in upgrading our existing technology.

CONDOR COMPOUNDS – WORLDWIDE LEADERSHIP IN PRODUCTION AND SUPPLYING COMPOUNDS TO CUSTOMERS

PRODUCTS

OUR PRODUCT RANGE – PERFORMANCE GRADES FOR THE PLASTICS INDUSTRY

CONFill®

Halogen-free as well as flame-retardant bedding compounds based on EPDM or other polymers.

CONGuard®

LSFOH compliant thermoplastic insulation and sheathing compounds in compliance to international standards, based on EVA or other polymers.

CONLink®

Crosslinkable and flame-retardant insulation and sheathing compounds in compliance with international standards, based on EVA, EPDM or other polymers.

Toll Compounding

Toll manufacturing according to customer's recipes and specifications for cable manufacturers and enterprises from the various sectors of the plastic industry.
